ORTHOPEDIC SUPPORT INDUSTRY

## 110021 soft cervical collar

- A** A combination of mild control and high comfort
- B** Made of superior quality materials from medium firm foam covered in natural stockinet.
- C** providing a superior amount of comfort using a non-irritating, soft covering
- D** Easy to remove and can be adjusted with the hook and loop closure

**Size**

S	27 - 33 cm	M	34 - 40 cm
L	41 - 47 cm	XL	48 - 54 cm

## 110071 semi-rigid cervical collar

- A** A combination of mild control and high comfort
- B** Made of superior quality materials from medium firm foam covered in natural stockinet.
- C** Easy to remove and can be adjusted with the hook and loop closure
- D** Durable and washable stockinet

**Size**

S	27 - 33 cm	M	34 - 40 cm
L	41 - 47 cm	XL	48 - 54 cm

## 110031 rigid collar

- A** easily applied and are easy to keep clean
- B** Comfortable edge padding to provide better cushioning and comfort
- C** Light in weight
- D** Adjustable in different sizes with adjustable heights and length

**Size**

S	27 - 31 cm	M	32 - 36 cm
L	37 - 41 cm	XL	42 - 46 cm

## 110061 hard rigid collar (With Chin Support)

- A** Enhances immobilization by chin lock.
- B** Padded chin improves comfort and ensures perfect fitting
- C** easily applied and are easy to keep clean
- D** Completely adjustable height to provide desired flexion or extension positioning.

**Size**

S	27 - 31 cm	M	32 - 36 cm
L	37 - 41 cm	XL	42 - 46 cm

## 130041 philadelphia cervical collar

- A** Two piece design for easy application with firm occipital support
- B** Pre-formed chin design ensures chin & mandible immobilization in proper position
- C** Perforated for better ventilation
- D** Long Hook-loop Velcro straps for easy fitting

**Size**

S	25 - 30 cm	M	30 - 35 cm
L	35 - 40 cm	XL	40 - 45 cm

## 130051 philadelphia cervical collar (with Open Trachea)

- A** Pre-formed chin design ensures chin & mandible immobilization in proper position
- B** Lightweight two-piece design made of closed cell rigid foam
- C** Long Velcro straps for easy fitting
- D** X-rays and MRI can be taken with wearing this collar

**Size**

S	25 - 30 cm	M	30 - 35 cm
L	35 - 40 cm	XL	40 - 45 cm

**110091**  
**elastic chin strap**

- A** Ergonomic Fit: This chin strap for snoring is made of elastic fabric that wraps around the chin and jaw for a natural fit.
- B** Easy To Use: Anti-snore straps are adjustable and shaped to work while wearing any sleep-aid masks
- C** Soft, Non Itchy: Our anti snoring chin strap headgear is made of soft, eco-friendly, hypoallergenic elastic

### 310260

#### adjustable neoprene knee support (with bar)

- A** Made from high quality nylon yarn, which ensures high durability, appealing aesthetics and color fastness
- B** Four-way stretch ability allows comfortable grip and compression, snug fitting but no bunching at the back.
- C** Special interlocking weave and single spiral elastic yarn ensures uniform compression even on uneven limb surface.
- D** Double layered body retains warmth for quick healing.
- E** Anterior patellar opening relieves patellar pressure and positions patella in patellar dislocations.

**Size**

Free
------

### 310150

#### adjustable neoprene knee support (open patella)

- A** Advanced spiral stays on both sides provide additional support and stability for knee movements.
- B** Strong straps with adjustable hook and loop closures enable repeated all-day wear and offer custom fit, stability.
- C** Open circular shape relieves pressure on the kneecap.

**Size**

Free
------

### 310140

#### knee support

- A** Five aluminum stays
- B** Upper and lower stabilizing straps
- C** Open-front design for easy fit
- D** Pressure release around knee cap

**Size**

45 cm
-------

### 310230

#### knee support

- A** Five aluminum stays
- B** Upper and lower stabilizing straps
- C** Open-front design for easy fit
- D** Pressure release around knee cap

**Size**

60 cm
-------

### 310201

#### knee support by having pad

- A** Multi-function silicone pad helps maintain proper patella position and offers moderate compression around patella
- B** Bilateral spiral stays prevent knee sprains by reinforcing support and stability of joint.
- C** 3D energizing pattern stimulates sensory inputs to facilitate joint stabilization during movement.
- D** Elasticated zones offer freedom of movement with ideal coverage.

**Size**

S	32 - 34 cm	M	35 - 37 cm
L	38 - 40 cm	XL	41 - 43 cm

### 310171

#### knee support

- A** 3D energizing pattern stimulates sensory inputs to facilitate joint stabilization during movement.
- B** Elasticated zones offer freedom of movement with ideal coverage.
- C** Seamless design enhances all-around comfort and compliance.
- D** Comfortable edge design holds firm and provides a snug fit without being too tight.

**Size**

S	32 - 34 cm	M	35 - 37 cm
L	38 - 40 cm	XL	41 - 43 cm

### 310240 woolen knee & shin support (export)

- A** Light weight and comfortable
- B** Made of soft woolen materials for more adaptation with skin
- C** Two elastic straps insure adjusted compression
- D** Retains heat to improve circulation and speed healing.
- E** Allow full knee movement

**Size**

Free
------

### 310271 adjustable knee support (close patella)

- A** Provides support with gentle compression over the kneecap
- B** Adjustable with changing sizes of swollen knees
- C** Adjustable straps for comfortable fit and controlled compression
- D** Relieve knee pain by retaining warmth

**Size**

S	33 - 36 cm	M	37 - 39 cm
L	40 - 44 cm	XL	45 - 50 cm
2XL	51 - 56 cm		

### 310280 adjustable knee support (open patella)

- A** Front opening design for easy application and fit
- B** Adjustable straps for comfortable fit and controlled compression
- C** Adjustable with changing sizes of swollen knees
- D** Relieve knee pain by retaining warmth

**Size**

Free
------

### 310131 four spiral neoprene knee support

- A** Two spiral stays on each side
- B** Hinged stays on both sides
- C** Circular pad surrounds patella
- D** Extra upper and lower stabilizing straps

**Size**

S	33 - 36 cm	M	37 - 39 cm
L	40 - 44 cm	XL	45 - 50 cm
2XL	51 - 56 cm		

### 311161 palumbo knee support

- A** Spiral stays on both sides
- B** Circular pad surrounds patella
- C** Lateral compression strap
- D** Pressure release around knee cap

**Size**

S	33 - 36 cm	M	37 - 39 cm
L	40 - 44 cm	XL	45 - 50 cm

### 310160 open patella neoprene knee support

- A** Allowing excellent warmth & compression on the knee region
- B** Useful for protecting weakened muscles & preventing sports injuries
- C** Easy & simple wear by Full Open Wrap Style
- D** Upper & Lower Double Patella Tendon Pads for additional compression & Stabilization

**Size**

Free
------

### 310141 adjustable neoprene knee support (close patella)

- A** Wrap-around design for easy adjustment
- B** Compression support
- C** Breathable neoprene and cotton lining
- D** Durable material for long-term use

**Size**

S	33 - 35 cm	M	36 - 38 cm
L	39 - 41 cm	XL	42 - 45 cm

### 310301 knee support

- A** ensures full weight bearing and allows free flexion movement
- B** Four-way stretchable fabric provides controlled and comfortable compression but no buckling.
- C** Open patella design release patellar pressure, hold the patella in position.
- D** Wrap design with anterior closing is easy to apply and remove on swollen or asymmetric knees or geriatric patients

**Size**

S	33 - 37 cm	M	37 - 40 cm
L	40 - 45 cm	XL	45 - 50 cm
2XL	50 - 55 cm		

### 310190 adjustable knee support

- A** Front opening design for easy application and fit
- B** Two hook and loop straps insure comfortable fit and controlled compression
- C** Adjustable with changing sizes of swollen knees
- D** Lightweight and breathable elastic knee support

**Size**

Free	
------	--

### 310481 Ortex Knee Support

- A** made of high-density texture with embedded pads around patella
- B** U-shaped texture improves compression and increases stability of knee.
- C** Extra support provided by embedded springs on either side of the knee preventing strains.
- D** Improved flexibility due to soft texture in knee retral area.

**Size**

M	.... cm	L	.... cm
XL	.... cm	2XL	.... cm

### 310411 elastic thigh support (jacquard fabric)

- A** Retains body heat to increase blood circulation and pain relief.
- B** Support natural knee action without slipping, rolling or binding.
- C** Provides gentle compression over the kneecap.
- D** Stretch material helps to provide comfort during wear.

**Size**

S	33 - 35 cm	M	36 - 38 cm
L	39 - 41 cm	XL	42 - 45 cm

### 210670 neoprene thigh support (free)

- A** Compression support
- B** Keeps thigh muscles warm
- C** Breathable neoprene and cotton lining

**Size**

Free	
------	--

**340220**  
**heel support**

- A** Elastic band to keep in touch with heel
- B** Provide soft cushioning for the heel in home
- C** No allergy or skin irritation
